Allgemeiner Kommentar commentaires généraux general comments

This most recommended Neel 47 trimaran-design, which is just over 14 metres long, has been designed to close the gap between the smaller 43 and the 52 model. The innovative design, which combines a lot of living space with high sailing performance, is also found in this new development, which was worked out in collaboration with Marc Lombard and his design group. A total of 83 square metres of living space and a further 18 square metres of technical and storage space are available. The connection of indoor and outdoor areas of the branded *cockloot* via a large sliding door has been consistently implemented and offers an exceptionally open room ambience. The separately accessible cabins in the floats, which are thus separated from the owner's area on the main deck, ensure full independent privacy for guests and family. An inside steering position with a good overview rounds off the offer and makes this ship highly attractive. The Neel 47 was nominated "EUROPEAN YACHT OF THE YEAR 2020" and named "Multihull of the Year 2020" by Multicoques Mag. and "Boat of the Year 2020" by Cruising World. A rare opportunity to buy a seaworthy proven owner-version in mint condition immediately available for the 2023 sailing season, already in the Med. The French Leasing ends in October 2023 and may be continued to safe the legally confirmed EU-VAT-paid status of the yacht.
